We just learned this historic home at 2201 Harding Place in Nashville's tony Forest Hills neighborhood was designed by Nashville architect Edwin Keeble (1905-1979), who designed his own home nearby in a very similar Neoclassical Revival architectural style. While the home dates from 1934, side wings and the front portico were added by Keeble in the 1950s. A separate guest house was designed c.1968 by noted architect John L. Volk (1901-1984), an Austrian immigrant from Palm Beach, Florida.

## Where does Taylor Swift live?

When in Nashville Taylor Swift resides at 900 20th ave S, Nashville 37212 on the corner of 20th Ave S and Chet Atkins Place.

"It's the most comfortable place in the world" says Swift describing the inside of her pillow-filled human size birdcage which faces the floor-to-ceiling windows with views overlooking the city and beyond to the green hills in the distance.

This comfy birdcage is within the 2-story 4,062 sq ft Penthouse in Adelia Condos, Nashville's most expensive condo building where she purchased or \$1.99 million in 2009. Taylor's 3 bedroom, 4.5 bathroom condo is on the top 2 floors of the 18th storey building boasting spectacular views of the city and the hills in the distance.

Swift's penthouse underwent an 18-month extreme makeover transforming the previous owner's ultra-modern
